

HIDE OUT

**FREE STUDIO
FREE 24/7 ACCESS
FREE WORKSHOP**

About de Besturing

De Besturing is a collective of over 40 artists, designers and other 'makers'. Since 2006 we run our own studio-complex at the Binckhorst in The Hague. Besides individual studios we have several shared workshops and project spaces that can be used by our members.

Free Studio!*

We offer a workspace for a talented student available for free* for a whole year!

For this studio we are looking for a student in the field of 'creative making'. So if you are enrolled at a bachelor or master program on architecture, design, art, industrial design or related subjects, this might be your chance. We are specifically interested in students in their graduation year with a focus on visual research and experiment.

Skills, knowledge and other things we're looking for

- Cooperative mind-set
- D.I.Y. mentality
- Registered as a student at an Academy or University (2020-2021), preferably in the final year
- An active practice (in progress) in the field of 'making' (visual art, design, technology, etc.)

What we offer

- Your own studio free of rent* (floor surface 18m², ceiling height 3.7 m)
- 24/7 access and a contract for 12 months (November 2019 - October 2020)
- One of the best spots in De Besturing, next to our largest shared workshop on the first floor
- Access to our workshops, shared machines and use of our project spaces
- Over 40 creative minds to collaborate with
- Access to the network of De Besturing

The Besturing life also includes

- a barista-ready professional coffee machine where you meet with the other procrastinators and make your favourite brew
- A bar space suitable to host events with a serious sound system and all permits in place
- Our bespoke sauna and excellent swimming

* You only pay service costs of €25 excl. tax per month (for wifi, electricity, water and waste) and your own pellets (fuel) for the heater that's already installed in the studio.

How to apply

- Save the date of Saturday 19th September 2020
- Prepare a 5-minute presentation about your work (in progress) and research
- Bring your presentation on a laptop and USB stick
- Drop by at De Besturing between 10.00 - 14.00 hrs to present your work
- We'll follow the first come first served principle, so there's no need to register in advance
- We will announce the selected talent the same day
